# Quick & Easy Installation

On average it is at least 50% faster and cheaper to install our wall and ceiling panels than it is traditional tiles, and our panels do not require specialist fitting as there is no need for grouting.

If walls are dry, clean and flat, then very little preparation is required before installation. Our panels can even be installed over existing tiles.

Trims and corners are available to compliment the range, completing the look and providing a professional finish.

“Better – easy to clean and low maintenance.

Faster – quick and easy to install.

Cheaper – realistic natural effects on a budget.”
